COMMUNITY GROUP CONSULTATION WORKSHOPS

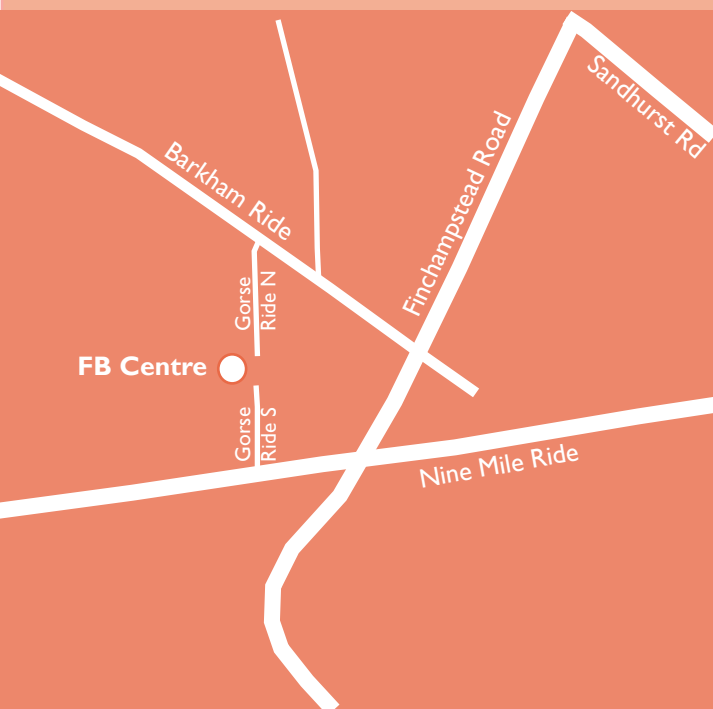

Saturday 19 June 2010

09.15-12.00: North and South Wokingham
workshop

13.00-16.00: Arborfield and South M4
workshop

Finchampstead Centre
Gorse Ride North
Finchampstead
RG40 4ES

Places for both workshops are limited, therefore could you please express your interest in attending one of the workshops by email to community.hub@wokingham.gov.uk before Friday 11 June. If you represent a group or other organisation please confirm details. Should the numbers exceed our capacity we will hold a draw to allocate places and confirm your place by Tuesday 15 June.

Access: The FB Centre is a great venue for such an event, but unfortunately is only really accessible by car. Access to the centre by car is available from Nine Mile Ride or Barkham Ride, by an entrance on Gorse Rise South and Gorse Ride North. Ample parking is available. For further information contact Marcia Head on 01189 746447.

Wokingham Borough Council is pleased to invite you to help shape a series of new community hubs and neighbourhood centres within the Strategic Development Locations of North Wokingham, South Wokingham, Arborfield Garrison and South of the M4. We are holding a series of events and would like you to join us at a stakeholder workshop on Saturday 19 June.

We are holding two workshops, one in the morning and one in the afternoon. The morning session will focus on the new centres within the North Wokingham and South Wokingham strategic development locations. The afternoon session will concentrate on the Arborfield Garrison and South of the M4 development locations. Please let us know which event you would prefer to attend.

This event will explore the needs of each community service and how best new education, health, cultural and other facilities could best be provided to serve the communities. Part of the workshop will include a session confirming the requirements of each consultee. Could you please bring a summary of your organisation's broad requirements with you to inform this discussion.

We are holding the event at the Finchampstead Centre and will be providing guided tours of this unique facility.

We are keen that the community hubs and neighbourhood centres provided in the borough over the coming years represent best practice. If you have any suggestions or examples of good practice community facilities please do send them through in advance of the event.
